EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. In order to correct typographical errors, the claims are amended as follows:

Claim 23, line 2, delete "5"

Claim 24, line 2, replace "Is" with "is"

Claim 32, line 17, delete "25"

Claim 32, line 20, delete "30"

3. Claims 20-34 and 42-43 are allowed.

The examiner has carefully considered independent claims 20 and 32 and Applicant's arguments filed on 07/27/06. Independent claims 20 and 32, as amended, require that "at least first and second fixed location input keys are aligned at an outside edge of the display" wherein "the first and second captions, indicative of the first and second links, are aligned at an inside edge area in close proximity to the outside edge of the display". These limitations, in specific combinations as recited in claims 20 and 32, define the patentability of claims 20 and 32.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
